**Page 9-10 Credit for Previous Training**

(Effective August 2021) Prospective nursing students may submit a request for transfer credits for prerequisite courses. Transfer credits will only be accepted for courses that match the content and credit allocation of a course offered in the student's degree plan. The grade recorded on the transcript must be equivalent of a B (3.0) or above for Algebra, Anatomy & Physiology and Microbiology and must have been completed within 5 years. The grade recorded on the transcript for all other prerequisite courses must be equivalent of a C (2.0) or above and must have been completed within 10 years. All requests must be submitted during the enrollment process.
